DANISH DESIGN SINCE 1949

SPRING 2020 COLLECTION

We welcome back the bright Scandinavian light as the days get longer. This special spring light of the North has a magical power that lifts us out of the darkness of a long winter. It defrosts our soul and our spirit rises upwards as our energy level shifts from hibernation mode to let's spread our wings and try new things.

For this special season we have created a collection of functional designs that will inspire you to try new things.

THE SUN
FULL OF
BRIGHT IDEAS**

GREEN TOOLS

FUNCTIONAL KITCHEN TOOLS WITH WHEAT FIBRE HANDLES

#1 BRING NATURE INSIDE

We love nature, and we love good design. That's why we've developed a series of green kitchen tools that use wheat fibre to replace half of the plastic in the handles. Not only is wheat fibre an eco-friendly material, it's durable, heat resistant, and brings a little bit of extra nature into your kitchen too.

#2 TASTY GREENS

Squeeze out the maximum taste and nutrients with our Green tools. Our range includes a crusher, grinder and variety of knives that enhance vegetables' flavours and help retain their optimal taste and structure. And their ultra-functional design shortens your time in the kitchen, leaving you more time to enjoy eating the delicious results.

GREEN TOOLS

RESPONSIBLE TOOLS FOR YOUR GOOD HABITS

#1 LARGE COLLECTION

Series of kitchen tools that makes fruit and vegetable preparation easier with ergonomic handles and precision blades.

#2 A SUSTAINABLE CHOICE

All handles are made of a sustainable composite material, in which 50 per cent of the plastic is replaced with wheat fibre.

#3 SLEEK DESIGN

Quality Scandinavian design with a natural elegance and clean, minimalistic lines.

CUT

GRILLED VEGETABLES WITH CHIMICHURRI

VEGETABLES:
1 aubergine, 1 courgette, 1 red pepper, 1 bunch spring onions, olive oil, salt.

Slice the aubergine and courgette, cut the pepper into boats, halve the spring onions and toss everything in the olive oil. Grill on a hot grill or on a grill pan. Season with salt.

CHIMICHURRI:
1 clove garlic, 1 large handful of flat leaf parsley, 2 large handfuls of coriander, 1 small handful of oregano, 1/2 - 1 red chilli without stalk and seeds, 1/2 dl red wine vinegar, 1/2 dl olive oil, salt.

Finely chop the garlic, parsley, coriander, oregano and chilli. Stir in the vinegar and oil, and season with salt. Serve the grilled vegetables with the chimichurri.

GREEN TOOL HERB CHOPPER

CRUNCH

ASPARAGUS WITH DUKKAH

DUKKAH:
1/2 dl pistachio kernels, 1/2 dl hazelnuts, 1/4 dl sesame seeds, 1 tbsp fennel seeds, 2 tsp chilli flakes, 2 tsp salt flakes.

Toast the pistachios and hazelnuts on a dry pan. Then toast the sesame and fennel seeds. Crush everything together before stirring in the chilli flakes and salt with the nuts and seeds.

ASPARAGUS:
1 bunch green asparagus approx. 500 g, 2 cos lettuces in boats, 2-3 handfuls of pea shoots, 1 mozzarella, olive oil.

Break off the ends of the asparagus stalks. Steam the asparagus for 1 minute in salted, boiling water. Drain. Arrange the asparagus and lettuce on plates. Top with pea shoots and mozzarella, and finish with the dukkah. Serve immediately.

GLASS CARAFE
WITH WOODEN STOPPER

RECHARGE AND REFRESH

#1 IN THE FRIDGE

Take time out to refresh with deliciously cold, thirst-quenching water. Our elegant glass carafe fits perfectly in the fridge door for convenient storage.

#2 SIMPLY SCANDINAVIAN

The carafe's natural materials and minimalistic design add the perfect dash of Scandinavian style to your dining table.

#3 OAK LID

The practical oak stopper ensures that the water does not absorb odours from other foods in the fridge.

SOFT BLUE SERVING

HERE COMES THE SUN ON A SOFT BLUE AFTERNOON

With the delicate dreaminess of hot hazy days and the clarity of the endless expanse of cloudless skies, our softest shade of blue brings the warmth of summer into your home, yet creates a sense of cool calmness.

CANTALOUPE WATER

1/4 cantaloupe melon
2 small lime wedges
1 large sprig of mint

Cut the melon and remove the skin and seeds. Cut the melon into cubes or triangles. Cut 2 small lime wedges and wash the mint. Put the pieces of melon and lime onto the skewer and put the skewer in the bottle. Toss the sprig of mint down by the skewer.

Pour water into the bottle and allow to infuse for 3-4 hours.

CANTALOUPE COOLER

Serves 4

1 ripe cantaloupe melon, large cubes
1 dl freshly squeezed orange juice
1/2 dl lime juice
1/2 dl mint

2-3 handfuls ice cubes
4 small sprigs of mint for garnish
4 slices of lime for garnish

Cut open the melon and remove the seeds and the skin. Squeeze the oranges and lime and wash the mint. Blend the melon cubes, orange juice, lime juice, mint and ice cubes in a blender until it has a smooth consistency.

Pour into 4 glasses and garnish with mint and slices of lime.

CANTALOUPE DAIQUIRI

Serves 2

1/2 small ripe cantaloupe melon (2 dl), cut into cubes
1/2 dl rum
Juice from 1/2 lime
1 tbsp syrup, e.g. Teisseire Elderflower syrup
Sparkling water
2 small melon balls for garnish
2 small lime wedges for garnish

Cut open the melon and remove the seeds and skin. Blend the melon cubes in a blender until it has a purée consistency. Pass the purée through a sieve. Make sure to get as much as possible through the sieve by pushing it with a spoon. Mix the rum, lime juice and syrup into the purée. Pour the purée and ice cubes into a shaker and shake well. Strain to remove the ice cubes and pour the purée into two ice-cold glasses. If desired, top up with sparkling water and garnish with a cocktail stick with a small melon ball and small lime wedge.

BACKPACK DRINKING BOTTLE

HYDRATION-IN-BAG DESIGN

#1 HANDY HYDRATION

Featuring a new oval design that fits neatly into most bags, our stylish water bottle holds 0.5 litre and keeps you hydrated on the go.

#2 THINK SUSTAINABLY

Avoid single-use plastic by switching to this reusable water bottle. Durable and long lasting, it promotes sustainability while helping reduce environmental impact.

#3 EVERYDAY ACCESSORY

The bottle is 100% watertight and features a handy strap that makes it easy to grab when you're heading out to work or to the gym.

SELF-WATERING FLOWERPOT

HYDRATED PLANTS MADE EASY

#1 DIY WATERING

Let your plants water themselves! Our clever self-watering system features a nylon wick that extends into the water reservoir in the saucer.

#2 PRECISION FOR PLANTS

The nylon wick allows the plants to absorb precisely the amount of water they need, creating optimal conditions for growth.

#3 LESS HASSLE, MORE GROWTH

The water in the reservoir can be easily refilled to match each plant's requirements.

SQUEEGEE

SPRING CLEANING. EVERY DAY

#1 AT THE READY

Keep this ingenious squeegee close to hand so you don't even have to get out of the shower to clean after yourself.

#2 HANDY TO HANG

The flexible hook on the handle makes the squeegee easy and convenient to hang on any shower door or mixer tap.

#3 SOAP SCRAPER

Its scraping action effectively removes water and soap from glass, mirror and other shiny surfaces.

#4 KEEPING IT SIMPLE

The squeegee's uncluttered design makes it easy to keep clean - just wash with soap and water after use.

CLEANING

MAKE IT SPARKLE

#1 EVERYDAY ESSENTIAL

Make washing up just a little more fun with our functional and stylish washing-up brush. Its effective scraping edge helps to remove stubborn dirt, ensuring sparkling dishes and tip-top hygiene.

#2 DESIGN DYNAMICS

The soft, durable silicone bristles dry quickly and keep their shape, while the weighted handle steadies the base and prevents it from falling over. Easy to clean, with a replaceable brush head.

#3 FILL IT UP

The compact soap dispenser has a playful design and is easy to use; simply pull off the nozzle, pour in your preferred soap or washing up liquid and it's ready to go.
